## **Introduction**

Whilst this file is titled as “Unconnected Audley’s of Eastern Counties of Northern England including surrounding areas of England”, and some records relating to Scotland. It is not a typical Audley Family narrative. It is a List of people with the Audley surname or a derivative of from various official sources that have not as yet been linked to any of the documented Audley Families (**Referenced A to Z**) mainly of England and other local geographical areas.

This file contains a number of Births, Marriage and Death records from various sources of people with the Audley surname, and also records the information contained in the General Register Office’s (GRO) Indexes, and also other published official sourced records. Where additional information has been identified that has also been included under the relevant entry. All GRO Index records have been recorded in the North Eastern Counties of England.

The purpose of this ‘Unconnected Audley’s of Eastern Northern Counties including and surrounding areas file, in conjunction with references to Scottish Official Records, is a List of references to act as a ‘holding file’ until the individuals in this file can be connected to any of the documented ‘Audley Families’ or sufficient information has been identified to create a new ‘Audley Family’.

*(The spelling of the AUDLEY surname appears to be flexible. The spelling mainly appears to be interchangeable With examples:- Adley, Addley, Aidley, Allday, Audly, Awdley, Awdly, Oddily & Odley and also with other ‘close’ name variant being Spellings.)*
