Introduction

The family history below is of an **Audsley** Family that originated in Crayford in Kent, England. One branch of this family emigrated from there to Australia, and one branch of that family appears to have changed its surname from **AUDSLEY to AUDLEY**.

A. L. Reade Archived Research Papers, which relate to this narrative and available for the public to research at the University of Liverpool, Sydney Jones Library, Special Collections Department, Abercromby Square, Liverpool. Amongst the available research records is titled 'Material relating to the Audley's of Liverpool, Waterford and New Zealand (1920s and 1930s)

A Letter dated the 20th July 1933, about one which Reade wrote on the 28th November 1932, the reply refers to {YK1} John Edward Caverley Audsley (*definitely Audsley*) whose Father was a Linoleum Printer. The writer says they spell their name Audley and they are the writer's first Cousin. This family is probably a second branch.

A Letter dated the 29th September 1932 states ' The family of Audsley came to Australia about the year 1853, (*They actually arrived in October 1855*). One branch is still known as Audsley whilst another of the same branch is Audley. {YK1} John Edward Caverley Audsley was married to Sophia Newberry.

It should be noted that although this family tree has been detailed below is has not been fully developed.

NOTE 1

It is suggested that {YK2} Edward Audsley 'changed' his name to 'Edward Lyndhurst Audley' commencing with his Marriage.

- In the GRO Birth registration he is recorded as Edward Audsley with no reference to the middle name of Lyndhurst.
- In his Baptismal record he is recorded as Edward Audsley with no reference to the middle name of Lyndhurst
- In the 1855 Passenger List for Victoria, New South Wales, he is recorded as Edward Audsley with no reference to the middle name of Lyndhurst.
- Therefore if he did change his name to Audley and include the name of Lyndhurst, the first reference is to the new name is his Marriage to Emily Hyde in 1876. (*i.e when he was 23 years old based on the date of his Birth. A copy of his Marriage Certificate would show his age to see how closely it matches his Birth Registration?, thought to be Q3 in 1853 at Dartford in Kent.*)
- Edward Lyndhurst Audley Died in 1922. (*A copy of his Death Certificate would show his age to see how closely it matches his Birth Registration?*). Accepted that in his Death Registration his Father is recorded as John, matching the Baptismal Record of Edward Audsley and that his Mother is recorded as Sophie (*unknown*) which is very close to Sophia Newberry
- Two main concerns are {1} Where does the middle name of Lyndhurst in Edward Lyndhurst Audley come from it occurs regularly where he is recorded as Audley but never when he is recorded as Audsley It is interesting that the Audsley family did have a distinctive middle name namely 'Carverly' {2} Why would only one branch of the Audsley family change their surname to Audley as they all seem to have lived in the Melbourne area.

(Comment: In conclusion we would like to see some evidence of Edward Lyndhurst Audley's age from Birth, Marriage or Death record.)
